

Advancing climate-resilient  
low emission development  
around the world

# LEDs Global Partnership webinar: Post-Paris and 2016 Outlook

Monday 11<sup>th</sup> January, 2016  
14:00 – 15:30 (GMT)

# Welcome and introduction

Ms Janet Strachan

Co-Director, LEDS Global Partnership Secretariat

# LEDS GLOBAL PARTNERSHIP

*Advancing Climate-Resilient Low Emission Development Around the World*

## Mission

Harness the collective knowledge and resources of governments, donors and international organizations, and practitioners in scaling up and strengthening implementation of climate-resilient low emission development around the world.

## Objectives

- **Strengthen quality, coordinated support, and leadership** of low emission climate resilient development strategies by countries in all regions
- **Foster effective implementation** of LEDS
- **Spur development of new LEDS** by additional national and sub-national governments

# LEDS Global Partnership

LEDS GP Catalyzes Action and Collaboration Across more than 160 Countries and International Organizations

## REGIONAL PLATFORMS

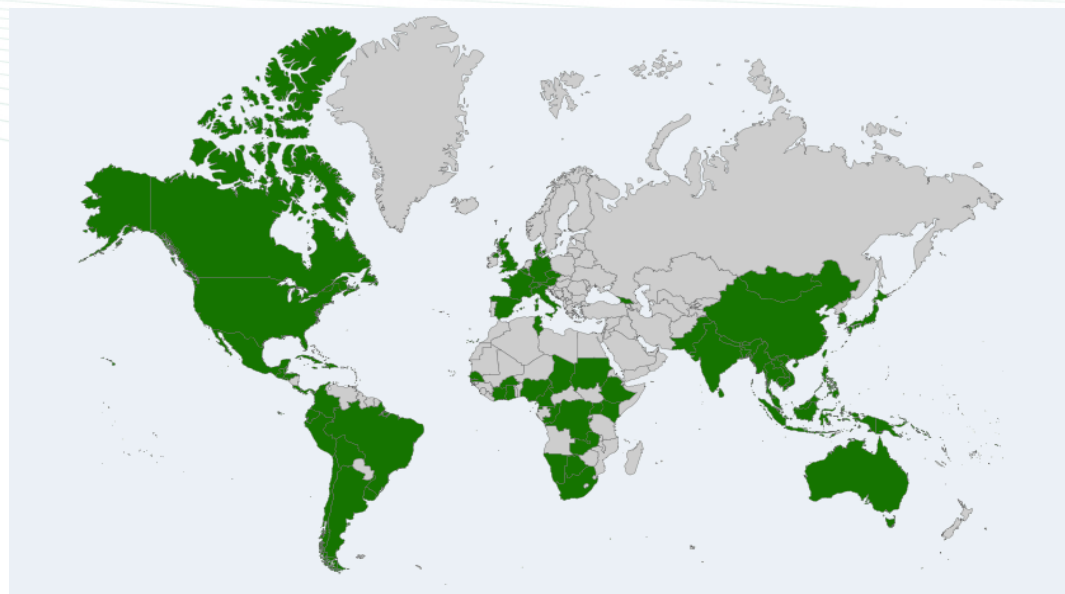

Define priorities and conduct peer learning and collaboration

## GLOBAL WORKING GROUPS

Provide technical support and training

## LEDS GP SECRETARIAT AND STEERING COMMITTEE

### Planning and Subnational Integration

### Analysis Tools – Benefits Assessment and Communications

### Finance - Investment instruments, Public funds allocation, Donor financing

### Sectors - AFOLU, Energy, Transport, Waste (with CCAC)

# LEDS GP Unique Services

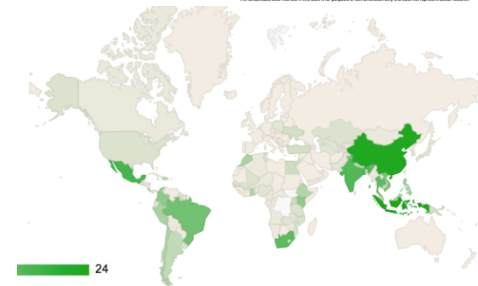

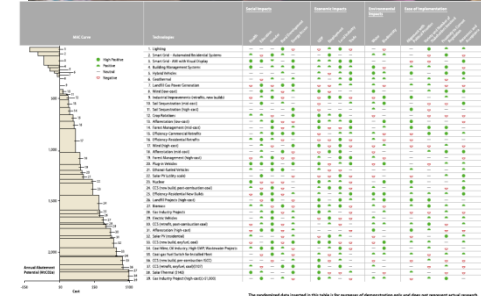

Communities of Practice  
and Partnerships

Peer Technical  
Assistance and Training

Education, Knowledge  
Sharing, and Innovation

Technical Resources

Early Movers Support &  
Replication

# Key LEDS GP and Regional Platform events in 2015

- LEDS Global Partnership 2015 Annual Event – *Implementing LEDS: Innovation and Good Practices, Punta Cana, Dominican Republic, October, 2015*
- IV LEDS LAC Regional Workshop: *Building Bridges for the Implementation of Low Emission and Climate Resilient Development Strategies*, October, 2015
- LEDS LAC expert meetings on linkages of climate resilience and LEDS in Colombia and on integration of subnational and national LEDS in the transport sector in Peru
- ALP Climate Finance Workshop, Ho Chi Minh City, Vietnam, October, 2015
- COP21, Paris, December 2015
  - LEDS GP side event with the Government of Vietnam: *Enabling a transition to green growth and low carbon development through public and private investment*
  - LEDS GP official side event with the Government of Dominican Republic: *Harnessing investment for Low Emission Development and INDCs*
  - LEDS GP donor engagement meeting: *COP21 Dialogue on Collaborative Support for INDC Implementation*
  - LAC side event: *Advances of LEDS in LAC; Financing LEDS and INDCs in LAC; PMR in LAC*
  - AfLP side Event: *Opportunities and Constraints for LEDS in 2016*

# LEDS GP Proposed Priorities for 2016

**Strengthen Capacity for LEDS and INDC Implementation:** Enable peer learning, share good practices, and offer training and technical assistance to countries to strengthen policies and measures and use of effective instruments for mobilizing private and public investment to support LEDS and INDC implementation.

**Build Enduring Momentum for LEDS and INDCs:** Share approaches and facilitate access to knowledge on analysis and communication of LEDS development benefits and effective LEDS planning with broad stakeholder engagement.

**Facilitate Access to Assistance:** Enable access to resources and support from LEDS assistance programs and connect governments with experts for responsive support to government assistance.

# LEDS Global Partnership Draft Work Plan 2016

Ms Caroline Uriarte

Project Manager, LEDS Global Partnership Secretariat

# NEW DIRECTIONS FOR 2016

- Expanded support to countries on INDC and LEDS implementation including:
  - Investment mobilization for INDC and LEDS priorities
  - Deeper support for sector policies and measures and integrated national and sub-national action
  - Enhanced benefits analysis and communication
- Launch technical collaboration with countries that are early adopters and will serve as models for others
- Expand LEDS GP data and analysis on country INDC and LEDS priorities and progress along with enhanced tools for assessing impacts
- Strengthen engagement of the private sector, subnational governments, academia and civil society in LEDS GP activities
- Enable learning on transformative and innovative approaches for scaling up action and further support LEDS leadership through award program, fellowship, and other means (LEDS university concept)

Priority Area	Planned activities
Renewable Energy & Energy Access	<ul style="list-style-type: none"><li>• Network of experts and tools on energy analysis, grid integration, and mini-grids</li><li>• In person and web based training</li><li>• Technical assistance &amp; matchmaking</li><li>• Partner on pan-Africa solar assessment and outreach</li></ul>
Financing Instruments & Accessing Climate Finance	<ul style="list-style-type: none"><li>• Climate Finance Workshop in Morocco</li><li>• Good practices and training on LEDS finance facilities</li><li>• Technical assistance &amp; matchmaking</li><li>• Pilot programs with countries on LEDS/NDC investment accelerator</li></ul>
LEDS Assessment & Modeling	<ul style="list-style-type: none"><li>• LEDS analysis/modeling and planning in-depth support and training and modeling networks</li><li>• Benefits communication materials</li><li>• Technical assistance &amp; matchmaking</li></ul>
Cross-Cutting	<ul style="list-style-type: none"><li>• AfLP Annual Workshop – April, Rwanda</li><li>• Webinar series</li><li>• Knowledge products to disseminate lessons learned and success stories</li><li>• Mapping of LEDS initiatives, tools and resources</li><li>• Matchmaking and advisory support</li></ul>

Priority Area	Planned activities
Investment Mobilization for LEDS	<ul style="list-style-type: none"> <li>• Technical collaboration with countries on INDC/LEDS investment programs</li> <li>• Training on investment instruments via workshops and webinars</li> <li>• Publications</li> </ul>
Low Emission Energy Planning & Grid Integration	<ul style="list-style-type: none"> <li>• Technical collaboration with Asian countries on energy planning and grid integration</li> <li>• Training via workshops and webinars</li> <li>• Publications and toolkits</li> </ul>
AFOLU	<ul style="list-style-type: none"> <li>• Work with selected countries to advance key AFOLU measures</li> <li>• Online training on LEDS in the AFOLU sector</li> <li>• Synthesis of cases from regional workshop on mobilizing investment for LEDS in the agriculture sector</li> </ul>
Cross-Cutting	<ul style="list-style-type: none"> <li>• Asia LEDS Forum</li> <li>• Matchmaking and advisory support</li> <li>• Knowledge products to disseminate lessons learned from TA and training</li> </ul>

Priority Area	Planned activities
Integration of Resilience in LEDS	<ul style="list-style-type: none"> <li>• Collaboration with 2-3 countries to advance action and serve as a model for other countries</li> <li>• Technical workshops – MRV and Financing</li> </ul>
Integration of urban planning and mobility for development of urban LEDS	<ul style="list-style-type: none"> <li>• Collaboration with 2-3 countries to advance action and serve as a model for other countries</li> <li>• Technical workshops</li> </ul>
Integration of sectoral efforts for rural low emission development	<ul style="list-style-type: none"> <li>• Collaboration with 2-3 countries to advance action and serve as a model for other countries</li> <li>• Technical workshops</li> </ul>
Financing for LEDS and INDC Implementation	<ul style="list-style-type: none"> <li>• Pilot programs with countries on LEDS/NDC investment accelerator</li> <li>• Technical assistance &amp; matchmaking</li> </ul>
Cross-Cutting	<ul style="list-style-type: none"> <li>• LEDS LAC Annual Workshop</li> <li>• Webinar series</li> <li>• LEDS in LAC</li> <li>• Mapping of people and institutions</li> <li>• Matchmaking and advisory support</li> <li>• Knowledge products to disseminate lessons learned from TA and training</li> </ul>

# WORKING GROUPS ACTIVITIES

Working Group	Planned activities
Benefits Assessment and Communications	<ul style="list-style-type: none"><li>• Provide technical assistance to 2-3 countries on tools and approaches for benefits assessment and communications and share approaches broadly</li><li>• Develop communication materials on benefits of LEDS</li></ul>
Subnational Integration of LEDS	<ul style="list-style-type: none"><li>• Regional assessments at the country level</li><li>• Deliver technical assistance to at least 4 subnational governments</li><li>• 4 case studies (and related webinars) on Subnational-National integration</li></ul>
Finance	<ul style="list-style-type: none"><li>• Support countries in the development and implementation of INDCs/LEDS investment programs and encourage replication</li><li>• Create investment prospectuses to help attract private sector investment</li></ul>

# WORKING GROUPS ACTIVITIES

Working Group	Planned activities
AFOLU	<ul style="list-style-type: none"><li>• Training curriculum materials related to LELUP curated in coordination with ALP</li><li>• Guidance for accessing financing for the AFOLU sector</li><li>• Create mechanisms to facilitate knowledge-sharing, peer-to-peer learning, and informal exchanges between those who work in the AFOLU sector within the region</li></ul>
Energy	<ul style="list-style-type: none"><li>• Enhance Energy Toolkit</li><li>• Deliver webinars and case studies on tools included on the Energy Toolkit</li><li>• Deliver technical assistance on LEDS energy measures and policies</li><li>• Communities of practice - biomass</li></ul>
Transport	<ul style="list-style-type: none"><li>• Training on fuel emission standards</li><li>• Transport community of practice in Asia and LAC</li><li>• Deliver technical assistance on LEDS transport measures</li><li>• Proposal to delivery assistance to LAC countries on SNI-Transport</li></ul>

# SECRETARIAT ACTIVITIES

Areas of Support	Planned activities
Partnership Infrastructure	<ul style="list-style-type: none"><li>• Support steering committee and management subcommittee</li><li>• Coordinate implementation of work program activities</li><li>• Strengthen partnerships</li><li>• Support funding diversification</li><li>• M&amp;E</li></ul>
Outreach, Peer Learning and Collaboration	<ul style="list-style-type: none"><li>• Strengthen communication materials on Partnership and case studies</li><li>• Improve website design and functionality</li><li>• Enhance LEDS activity and leadership data</li><li>• Produce thought leadership papers</li><li>• Deliver global workshop</li><li>• Foster leadership through awards and fellowship programs and LEDS University</li></ul>
Expert Assistance on LEDS	<ul style="list-style-type: none"><li>• In collaboration with the regional platforms and working groups, offer technical support to countries on LEDS/INDC related issues</li><li>• Share success stories</li></ul>

# Panel discussion on LEDS Global Partnership Draft Work Plan 2016

Ms Nguyen Thi Dieu Trinh

Department of Science, Education, Natural Resources and Environment,  
Ministry of Planning and Investment, Government of Vietnam

Mr Stephen King'uyu

National Climate Change Secretariat  
Ministry of Environment, Natural Resources, and Regional Development  
Authorities, Government of Kenya

Mr Francisco Maciel

President, CIOESTE

# Panel discussion

1. Please share your reflections from COP21 in Paris – what does it mean for LEDS and INDC implementation?
2. What are your immediate LEDS/ INDC priorities, and what activities will you be engaging in with the LEDS Global Partnership as a priority?
3. Are there any other key activities you suggest the LEDS Global Partnership focuses on in 2016?

# Wider participant discussion

1. Which of these activities do you see as having greatest value to you?
2. Are there any other key priorities the LEDS GP should look to address in 2016 to support LEDS and INDC implementation in your country and/or other countries in the region? If so, please suggest modalities for delivery of activities, e.g. trainings, webinars, technical support, etc.
3. Are there any activities from the ones presented in the work plan and the suggested additional activities that you/ your organisation would like to lead and/or participate in?

# Next steps

Ms Janet Strachan

Co-Director, LEDS Global Partnership Secretariat

*Thank you for participating in this webinar – we look forward to working with you in 2016!*
